## Eligible Hospitals, Critical Access Hospitals and Dual-Eligible Hospitals Attesting To CMS EHR Incentive Program Modified Stage 2 Objectives and Measures for 2018

Updated: February 2018

Eligible Hospitals, Critical Access Hospitals and Dual-Eligible Hospitals Objectives and Measures	
(1)	<u>Protect electronic protected health information</u> (ePHI) created or maintained by the CEHRT through the implementation of appropriate technical capabilities.
(2)	Generate and transmit permissible discharge prescriptions electronically (eRx).
(3)	<u>Health Information Exchange</u> - The eligible hospital or CAH who transitions their patient to another setting of care or provider of care or refers their patient to another provider of care provides a summary care record for each transition of care or referral.
(4)	Use clinically relevant information from CEHRT to identify <u>patient-specific education</u> resources and provide those resources to the patient.
(5)	The eligible hospital or CAH that receives a patient from another setting of care or provider of care or believes an encounter is relevant performs medication reconciliation.
(6)	<u>Patient Electronic Access</u> - Provide patients the ability to view online, download, and transmit their health information within 36 hours of hospital discharge.
(7)	Public Health Reporting - The eligible hospital or CAH is in active engagement with a public health agency to submit electronic public health data from CEHRT except where prohibited and in accordance with applicable law and practice.
